CHORUS

From the rising of the sun
To the going down of the same
We cry Holy we cry worthy
From the rising of the sun
To the going down of the same
We cry glory we cry faithful

1. You create us for your pleasure
Lord we give you praise
You've shown us all you mercies
And redeemed us from the grave
Take our lives as sacrifice
Holy and acceptable
Your praise from morning till the night
For everything that you have done oh oh oh

RAP

Mama listen how the devil used to do me bad
When he had me bad till you stepped in
Became my chief shepherd
My one and only cover
Every time you are there you are my only shelter
Every dark and lonely night
You are the one who sees me through
That's why I don't cry
Even when things are hard
'Cos your word tells me
You're my sweet flowers and tower
I run into you and I am safe

ROLL OUT

Faithful, faithful, faithful, faithful
(Repeatedly)
