What a privilege and honor to come
And worship and worship
To behold your face
It's such a lovely sight
I will always
Bring (in) my praise to you
And be covered by
The clouds of your glory
What an honor
To worship you

Chorus:

I worship you x2
Day after day I'll bring my praise
I bless your name x2
To you my only love I sing this song
I worship you

We worship x3
You in the Spirit
We worship x3
You in the truth
