Grab the keys to my car  
I'm on my way  
Can you tell me just where I'm going?  
Occupational skills  
Don't have a clue  
What to do  
But my mind's in motion  
Just trying to relax by myself  
On the couch  
Big plans but there's always tomorrow  
There's nothing wrong with me  
Or the way that I'm thinking

#### **CHORUS:**

Come on, come on  
And tell me  
What you're thinking  
Come on, come on  
And stop  
This attitude is taken  
Come on, come on  
And tell me  
What is taking so long  
For you to recognize  
And stop

Another day in the sun  
Having fun  
Feel the heat beating down on me  
I take a look in the sky  
A plane goes by  
Is that the reason that I can breathe?  
I take a look and I wonder why  
Why these birds don't fly  
It's hard for me to see and believe  
Oh my oh my

#### **CHORUS**

Yeah yeah yeah...

You wonder why I'm drinking...

I took a trip to the bar  
Does my money go far?  
Can you tell me just how to spend it?  
Moving around  
I like the sound  
I find myself looking pretty stupid  
If I had a gal she'd be in a dress  
I better slow my drinking down  
If I don't get it together tonight  
They're going to run me out of town

CHORUS
