"Hold On"

I've been waiting for this moment
Oh, I've been waiting for the time
I've been waiting for this moment
Oh it seems, like I've been waiting all my life

Oh I can see you in the distance
Glancing here a couple times
Oh I can barely see your outline
But I can see you in my mind

Oh,
Hold on
Hold on
Hold on to you
I can see you moving near me
But it's so hard in the fog
I can't bear to think too clearly
I've been waiting far too long

Oh,
Hold on to your secrets
Hold on to your mistakes
Hold on to your life raft
And whatever else can keep you up
So hold on to your ego
Hold on to your past
Hold on with a tight grip
Cause if you let go I'm not coming back

(Bridge/Solo)

Oh,
Hold on to your secrets
Hold on to your mistakes
Hold on to your life raft
And whatever else can keep you up
So hold on to your ego
Hold on to your past
Hold on with a tight grip
Cause if you let go I'm not coming back
Hold on

Hold on
Hold on to you
