She was walking back
When she was hit the world split in half
It couldn't handle impact
Of the goodness that had left

She wasn't giving in
She was taken from us
And I don't understand
What good came of it

He was blowing up
The emotions were too much
And it's amazing how a single rope can put the dagger
in our hope

He was giving in
He couldn't take it anymore
If only he could see
Who loved him so dearly

She was a gorgeous girl
Her smile contagious
And I don't know what I would be if I had not seen

She wasn't giving in
She was taken from us
And though I know I should
Forgiveness don't come quick

He was a great friend
Loyal from the start
And I won't let go
And I won't forget his

Cranberry juice
And his LRG oh no
His two fake teeth
Oh, Mr. Johns rest in peace

Rest in peace,
Rest in peace, oh Courtney

Rest in peace
And save room for me

And save room for me
And save room for me oh both of you
Room for me
And rest in peace.
