"Your Answer"

And I know that you came around
And I know that you are breaking down
But I can't see what you see in me
And I don't know how we came to be

And I'll be your answer, to these questions
That you keep testing with me
Be your reason, to stay

And I heard what I preferred
And I was blind to my own kind
Hours gone by and I wonder why
Oh, I can't be who you used to see

And I'll be your answer, to these questions
That you keep testing with me
Be your reason to stay, like I am some kind of freak
Be your answer, oh yes I'll
Be your answer
I'll be your answer, oh this time
