Sometimes you don't know what you got until it's gone
Sometimes it's hard to believe I could have been that
wrong
And I finally figured it out as she was driving away
And now I'm living with the fact that out there today

Chorus:

Somebody somewhere is saying those things I know I
should have said
Somebody somewhere ain't gonna let her go quite as
easy as I did
I hope that she's happy as much as it hurts me to see it
all go down from here
Ya there's somebody out there holding my somebody
somewhere

Took some time but I get along fine all by myself
And looking around but I still haven't found anybody
else

Sometimes I let myself wonder what she's doing right
now
Even though I know there's a pretty good chance
That she's already found

(Chorus)

Maybe on a beach in Mexico
Maybe parked in the shade on an old dirt road
Ya I don't know
I don't wanna know

Instrumental

I hope that she's happy
As much as it hurts me to see it all go down from here
Ya there's somebody out there
Oh there's somebody out there
Ya there's somebody out there holding my somebody
somewhere
