First time I met you, I didn't know what it was

I tried to understand I didn't get too far

I thought you're special, you made me feel so nice

I wanna be around you, all of the time

Refrain:

Maybe love is finally for me

Oh you make me crazy, I just want more & more

Happiness is all around me

Now I know, yes I know, I finally know

Chorus 1

Heaven, must be missing an angel

Heaven, please don't take him back

heaven must be missin an angel

cause he is right here by my side

It's all so simple, baby when you are here

All my troubles seem to fade away

Everything make sense, I hope this never end

I hope you'd be around me all of the time

(repeat refrain)

Chorus 2

Heaven, must be missing an angel

Heaven, please dont take him back

Heaven, must be missing an angel

Cause he is right here by my side

Right here by my side

Emptiness is gone, I don't feel alone

I am safe by an angel from above

Baby what can I say, you came and rescue me

Now I hope that you are here to stay

(repeat Chorus 2
