No God, no peace! No Jah Jah, No peace

If you don't know God you will never know peace

If you don't know Jah Jah you will never know peace

You see I man is the cross over between the Christian  
and the Rasta

You see I man is the cross over between the Christian  
and the Rasta

Know know God, me say know know peace

No, no Jah Jah me say no no peace

Rap 1

It seems to me that G-O-D has simply been forgot

Kids play with knives, some selling drugs, and others  
getting shot

Now-a-days they forget the right and do the wrong

They think they're real strong

But all end up singing sad songs

Ya gotta face reality in actuality

Remember Jah and yo, you might not be a casualty

That's how it goes for those who wouldn't be alive ya'll

Remember the scriptures man, remember the bible

I man is the cross over between the Christian and the  
Rasta (here me

now )

I man is the cross over between the Christian and the  
Rasta

Know no Jah Jah me say know no peace

Know no God me say know no peace

Know no Jah Jah me say know no peace

Know know God me say know know peace

Rap 2

K- to the -now God K- to the -now Peace

Ya walk in the light and your spirit's at ease

But if there's no God, then they'll be no peace

Ya'll fall prey to the devil and you're food for the beast

Youth and youth man must know God

Youth and youth man must know Jah

Youth and youth man must know God

Youth and youth man must know Jah

No no no God no no peace

Know know know Jah know know peace

You must know God You must know Jah  
Jah and God me say is same One  
Jah and God is same same One  
He is Is, the Creator  
Jah Jah Jah is the creator  
Jah Jah Jah Jah is the maker  
Jah Jah Jah Jah is the creator
