### "Dancing Class"

Visit "[Dancing Class](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I like to take a dancing class each year  
it helps myself to keep in touch with me  
and the girls I meet are different  
than the ones I meet at work  
and there's always at least  
one sensitive guy

there is a girl I like to pair up with  
she comes from Germany  
she's beautiful  
and I like the way she dresses  
and I like the way she moves  
we never speak  
we only aquiesce

there is a mirror in the locker room  
and sometimes after class we stay and dance  
and she always shows me new steps  
and I try to follow her  
follow her?
