Well I'm flying to friendship park today you can come if
you like
Well I'm flying to friendship park but you better bring a
knife 'cause there's trouble
Well you can bring all your mothers and your brothers
too
There'll be plenty of leather jacketed boys looking for a
girl like you
But you're mine oh you're mine oh you're mine oh
you're mine

Well the picnic tables checkered with it's red and white
And the sprinklers just keep spinning we got all this
daylight
Plus the night, with a kiss that we wish would never end
we're going
Back, back to before you can remember, going

Back, back to waves and sunny weather you are
So much more than I need
I hardly can breath when you get near
Let me make this clear
I love you

Lets count the stars lets make a night of it
Lets change eachothers lives lets take our time with it
And I'm never, I'm never gonna turn around
I'm never, I'm never gonna look down
You'll keep my head up, keep my head up oh oh
Keep my head up, Keep my head up, Keep my head up,
ohh

The great minds of our time never devised a plan like
mine to win the heart of a beautiful lady like you, like
you, like you, like you
And I'm never going back, I'm never going back, I'm
never going back, I'm never going

Back, back to clouds and stormy weather you are
So much more than I need
I hardly can breath when you get near

Let me make this clear
I love you
