I'm gonna keep on coming girl
You can't keep running from me no oh oh
And I am a go go getter and you can't
Do much better than me obviously
Well I just don't know when to stop
And I'll just keep on coming around
You should have found that it ain't
No use you can cry you can cry
I'll be dyin' to be by your side wo oh oh

The first time I saw you
Your looks sent shivers down my spine wo oh oh
And this kind of thing doesn't happen to a guy like me
Every time he walks out his door

You got me questioning my dignity
And canceled my morality you struck me
You got my trippin' over my own feet
You don't even know it you struck me

You struck me
You struck me

I'm gonna keep on coming girl
You can't keep running from me no oh oh
And I am a go go getter and you can't
Do much better than me obviously
Well I just don't know when to stop
And I'll just keep on coming around
You should have found that it ain't
No use you can cry you can cry
I'll be dyin' to be by your side wo oh oh

I used to sit alone in my house and think
Of ways to not waste time
But now I sit and think of you and all the things
That I could do if I could only make you mine

You got me building insecurities
And losing my maturities you struck me
You're taking me down one glance at a time

You struck me
You struck me

I'm gonna keep on coming girl
You can't keep running from me no oh oh
And I am a go go getter and you can't
Do much better than me obviously
Well I just don't know when to stop
And I'll just keep on coming around
You should have found that it ain't
No use you can cry you can cry
I'll be dyin' to be by your side wo oh oh
Yeah yeah yeah wo wo oh wo
Yeah yeah
