(INTRO)

[Sings]

HOOK

Gimme yo number  
And I'm gon call  
When I seen u at the mall  
I could see that u were sexy  
And I aint gon lie  
I just wanna take u home wit me  
Home wit me  
Home wit me  
Just wanna take u...

VERSE 1

When I laid eyes on ya  
I could see the future  
You turned me into stone  
You had to be Medusa  
Body was incredible  
You had to be super... model  
A guy like me I had to introduce ya

You up in vicki secrets  
Tryna get ya sexy on  
And it's on  
Full blast got the new Giuseppes on  
And her hair done nails done  
Errythang did  
And nothins on her finger  
Where a wedding ring fits

So I walked ova to her  
Like "aye ms. beautiful"  
You looking good from ya head  
To ya cuticles  
I mean I really don't do this  
On the usual  
But you definitely the type

That I would do it fo'

And by the way  
They call me smooov  
What yo name is?  
Oh alexis?  
Outta texas?  
Well that explains why  
You fillin out the spandex  
Before I hit you wit that address

[Repeat Hook]

## VERSE 2

So I texted her right away  
Just to see if she would get it  
She hit me right back  
I could see that she was wit it  
Asked me for directions  
And exactly what to bring  
I told her don't trip  
I got exactly what ya need

You could stay however long  
I aint asking u to leave  
As long as u enjoy ya time  
Relaxing her wit me  
We can have movie night  
Or get straight to the loving  
Ya eyes, ya face, ya smile  
I love it

And everythang ya body might require  
I does it  
Everythang u figured I would be  
I wasn't  
You went against the grain  
Now you feelin like ya won  
But ever since u came  
I been beamin like the sun

And ya girlfriends mad  
Got u seeming like u dumb  
But umm  
They just jealous tell em  
Beat it like a drum  
Kuz what we got is special  
I aint leavin it fa nuttin  
If women ruled the Matrix  
I would treat you like the ONE...

[Repeat Hook]

## BRIDGE

All the single ladies  
If you hear me raise yo hands  
Even if you aint single  
I aint thinkin bout yo man  
If you sexy and you know it  
You can come over and show it  
Put yo number in my phone  
Kuz I'm tryna take u home

Mama go hard  
Mama look good  
We can go far  
I'm thinkin we should  
Girl if you roll wit me  
I can show ya things  
That you won't believe  
Just wanna take you...

[Repeat Hook til End]
