

## Sicko "Three Tea"

Visit "[Three Tea](#)" on [MotoLyrics.com](https://MotoLyrics.com)

three tea in the garden  
on a sunny summer day  
with the blackbirds and robins  
and the green green garter snake

we set out a table  
with cups and petits fours  
the sun shines and we're able  
to have tea served out of doors

the afternoon is looking up...

three tea in the garden  
on a sunny summer day  
with the blackbirds and robins  
and the green green garter snake  
black cat on a red brick wall  
the wind blows and flowers fall  
the vines grow up into the trees  
my two best friends in the world and me

the afternoon is looking up...  
three tea in the garden  
on a sunny summer day  
with the blackbirds and robins  
and the green green garter snake
