I've got a fear of enclosed places  
crowded rooms and unknown faces  
people staring down at me  
I wonder what do they see?  
And I avoid them at all cost  
to the point of getting lost  
they make me want to run away  
I don't want to play  
Don't think I want to know  
where all my time will go  
I've got enough to worry about as it is  
Don't think I want to go  
everywhere I know  
I've got enough to do right here where I live

I'm afraid of being lame  
I always want to play the game  
my fears they are always colliding  
I find myself sliding  
tonight you're sitting at home  
watching TV by the phone  
wasting time once again  
I'm not coming in

Don't think I want to know  
where all my time will go  
I've got enough to worry about as it is  
Don't think I want to go  
everywhere I know  
I've got enough to do right here where I live
