Find a fault  
Cut it down  
Criticize everything.  
What may be  
Wrongly seen  
As a show of strength may be a  
Cry for help. [x4]  
Cold and calm  
Out of reach  
Distant eyes, secret life.  
What may be wrongly seen  
As a show of strength is just unexitable

Far too fucking cool.  
Unexitable  
Feigning control with detachment.  
Cry for help [x4] Don't turn away it's a cry for help  
Don't turn away it's a cry for help  
Pride doesn't heal the pain that's felt.  
A cry for help.
