In a nation under God, individual  
In a nation under God, individual with liberty  
In a nation under God, individual with liberty, justice for  
all  
In a nation under God

The question they keep askin' me  
How can one so young be so bitter an' angry?  
Well, the answer is plain to see  
Maybe if they weren't so blind, they'd see what I see

I see the homeless livin' out on the street  
On every corner they're askin' for money  
I try to help them whenever I can  
But sometimes I can't afford to help myself

I see diseases, modern plagues of our times  
The greed of our leaders has made them blind  
To our problems, spend millions overseas  
People right here are fightin' wars everyday

I see the whites that hate the blacks  
Blacks against the Jews  
Race against religion  
An' they're all too blind to see

I see the homeless man beggin', he's got half a leg an'  
He used to be a soldier, the sign that he's holdin'  
Says, 'Times are hard, can you please keep me down?  
Before you turn your back, just take a look around?

When we fight each other it puts all of them at ease  
It keeps us so busy, so they can do what they please  
Election time comes an' they're out for votes  
That's when you see an' hear from them the most

This is what they're callin' a 'Democracy'  
That's just another word for 'Hypocrisy'  
We keep fallin' for the bait  
An' when we realize, it's always too late

I see the whites that hate the blacks

Blacks that hate the Jews  
Brother against brother  
An' they're all too blind to see

So why don't you open up your eyes, so you can see?  
Open up your ears, so you can hear  
Open up your ears, so you can hear  
Open up your ears

An' you know as the rich get richer, the poor goin'  
hungry  
I've seen the toll it takes on the working man's family  
Education system that's obsolete  
Can't hold a kid's interest or keep 'em off the streets

See a father's fear, hear a mother's cry  
What kind of a nation lets their children die?  
Government's corrupt an' full of red tape  
Then you're gonna ask me why I hate

Why don't you open up your eyes, so you can see?  
Open up your ears, so you can hear  
Take a look around an' you will find  
Take a look around an' you will find out why

I'm sick of it all  
Said, I'm sick of it all  
You know, I'm sick of it all  
Yeah, I'm sick of it all

Yeah, I'm sick of it all  
Yeah, I'm sick of it all  
Yeah, I'm sick of it all  
You know I'm sick of it all  
An' all an' all
