

Sick Of It All **"No Cure"**

Visit "[No Cure](#)" on MotoLyrics.com

No cure, no end in sight, no cure for poisoned minds
No change, no change, after all this talk still living foul
Ignorant, ignorant, you think we would've learned by
now

Over and over, same mistakes as before
No end, no end, look around no end in sight

When the damage done, too extensive
Everyone ignores consequences
When the damage done, too extensive
Everyone ignores consequences

No cure, no end in sight, no cure for poisoned minds
Hatred, hatred, the only thing we give ourselves
Heartless, heartless, no regard for anyone else
Sickening, sickening, the way that greed rules our lives
No cure, no cure, for the disease called mankind

When the damage done, too extensive
Everyone ignores consequences
When the damage done, too extensive
Everyone ignores consequence, consequences,
consequence

Look deep inside for the cure to what ails mankind
Look deep inside, we got to live a more righteous life
Look deep inside, can't change the world but you can
change yourself

Look deep inside for the cure to what ails mankind
Look deep inside, we got to live a more righteous life
Look deep inside, can't change the world but you can
change yourself
