Rat Pack, rat pack

My crew has got my back

Rat pack, rat pack

Been through this shit before

Rat pack, rat pack

Now you've got a fucking war

Rat pack, rat pack

I got my pride, glory's on my side

I got my pride, glory's on my side

See you alone you start to run

Rat pack, rat pack

Take your chances one on one

Rat pack, rat pack

I got my pride, glory's on my side

I got my pride, glory's on my side
