

Sick Of It All "The Shield"

Visit "[The Shield](#)" on MotoLyrics.com

Lowered my shield, lowered - defenses
happier now feeling - all senses
heighten my soul and my - awereness
isn't it great being - defendeless
a long time ago i was - protected
the choise was mine and i - selected
the joy and the pain were - connected
lowered my shield, now i'm not protected

I never used to let it down
never used to let it down
i never used to let it down
never used to let it
there's something i've got to see
i never used to let it down
never used to let it down
i never used to let it down

never used to let it
i've got to see what's realy inside of me

Now i understand that emotion
now i undrstand why ther's commotion
all this time without - a notion
all this time without - devotion
why waste time being - suspicious
come taste life it's - delicious
expose yourself to the - malicious
expose yourself, they're - so vicious

All these years / will this shield disappear
and will i stand / a stronger man / no shield in hand
i'll have to overcome the pain the best that i can
