Abused used the way we felt
Dirt cheap the way you dealt
Talk talk nothing's said
Speeches promises don't mean a thing
Empty words from your mouth
Token actions gave you clout
Time's now to end your luck
No more talks cause we don't give a fuck

About your alibis, about your lies
and all your excuses
Think we can't handle it
Think we would cave in, why don't you try it
No more stories, no more double talk
and no more cover ups, we just want the truth!

Abused used the way we felt
Dirt cheap the way you dealt
Talk talk nothing's said
Speeches promises don't mean a thing
Empty words from your mouth
No one cares what it's about
In the past give us proof

No more talks, we just want the truth!

And what about the youth
Never told the truth
Never told what it's all about
It's all about the wealth
There's no one there to help
and everyone's looking out for themselves
Put our faith in you and our trust too
Have you no conscience
We know the story, it's money and glory
Don't care who you step on
No more speeches, no time for apologies
We heard it all before
All of your alibis, all about your lies
and all your excuses
Think we can't handle it
Think we would cave in, think we can't take it

No more stories, no more double talk
No more cover ups, we just want the truth!
