Christmas is near  
I could hear  
The sleigh bells in my ear  
As we wait for Santa to come  
It'll be so much fun  
'Cause its right around the corner  
Well it's

(Chorus)  
Christmas Time  
Snow falls on the ground  
With family around  
Turn up that Christmas music  
Yeah, it's that time to use it  
It's that time where love  
Comes from above  
N' leave all your cares behind  
'Cause its Christmas time

Doesn't matter what gifts we got  
All that matters is he love he brought  
Well, Thanks for everything  
Especially for the love you bring  
Around this time of year  
I asked for one thing on my list  
N' I think its worth all those gifts  
I asked for peace on earth  
Because it doesn't have a limit

(Chorus)  
Christmas Time  
Snow falls on the ground  
With family around  
Turn up that Christmas music  
Yeah, it's that time to use it  
It's that time where love  
Comes from above  
N' leave all your cares behind  
'Cause its Christmas time

Decorate that Christmas tree

N' bake some cookies  
Put the lights on the house  
N' build a snowman out front  
Hang the mistletoe so now you know  
What Christmas is all aboutâ€¦

(Chorus)  
Christmas Time  
Snow falls on the ground  
With family around  
Turn up that Christmas music  
Yeah, it's that time to use it  
It's that time where love  
Comes from above  
N' leave all your cares behind  
'Cause it's Christmas time

We have so much love to give  
During this time of year  
Gifts don't mean a thing  
When you know what Christmas really means
