Every night, I find myself  
Lookin' out my window  
Across the street to yours  
Can't help but stare  
At that shinning light  
Stands out in the dark of night

(Chorus)  
You're the boy I've been waiting for  
Can't deny it anymore I've fallen to far this time  
You're always on my mind  
Just fallen to far (I've fallen to far)

When ever I'm near you  
I get these feelings that I can't explain  
It's makin' me go insane  
N' that's when I knewâ€¦  
I knew I've fallen to far

I don't know if it's love  
But, Boy when you smile at me  
My heart starts going crazy

(Chorus)  
You're the boy I've been waiting for  
Can't deny it anymore I've fallen to far this time  
You're always on my mind  
Just fallen to far (I've fallen to far)

I'm dreaming of your kiss  
I wanna taste your sweet sweet lips  
Every time you speak  
My blood is rushing at the speed of light  
Through my veins  
You know its driving me insane

I go these chills you give me  
They're multiplyin'  
Cause the power you're supplyin'  
Is so electrifyin'

(Chorus)

You're the boy I've been waiting for  
Can't deny it anymore I've fallen to far this time  
You're always on my mind  
Just fallen to far (I've fallen to far)

You're filled with this affection  
N' it's taken my in you direction  
My faith is now justified  
You make me satisfied

Boy you get the best of me  
They say that loves way to dangerous  
They're so delirious  
Cause I've already fallen in love (fallen in love with you)

(Chorus)

You're the boy I've been waiting for  
Can't deny it anymore I've fallen to far this time  
You're always on my mind  
Just fallen to far (I've fallen to far)

You made me fall to far for you  
But, I can't deny this  
I like feeling I get  
Never gunna regret this
