I remember you kiss  
The way you touched my face like this  
N' how you looked me in the eyes  
N' knew when my smile was just a disguise  
I've cried so many tears  
'Case all my memories are turning into my fears  
I can't get the images out of my head  
N' all the things that you've said

(Chorus)  
With just one look into your eyes  
I know it's true  
Yet I've tried so hard to hide  
This feeling I still get inside - for you  
I try to forget about you  
But the truth is I'm still in love with you

Remember when we held hands  
Walkin' on the beach, feet in the sand  
Just sat there N' watched the sunset  
You got nervous and started to sweat
