It ain't nothing but the Rosch, big boy Porsche,
In and out like the bullets, stand up your courses
The night get it off quick, hard to the soft...
Make your bounce just like an ounce and then flossin',
Then cause to SG still keep it D block,
354 the poor band keep your heat cock,
Line so dope when I drop make it D top,
Just ride and it's top of the list, it's the hit rocks,
Let me dig in, round table flippin,
Ham on my lap cutting crap while I'm spittin,
One hand on the stereo will the other hand shiffin,
4 pipes spending off the curb like I'm triffin
I came from the prisons with the same ambitions,
Go in get the guts leave niggas strippin,
Flow like a whole new religion,
Getting where you fit it, anotha day anotha dollar on
the mission.

You're on the block and the mix getting chips.
It's just anotha day, anotha dollar on the strip
Looking out for nut and hating to snitch,
It's just anotha day, anotha dollar on the strip
You ain't for the money or the lamb with the G,
Yeah it's just anotha day, anotha dollar on the strip,
And for my ** so ride a full clip,
It's just anotha day, anotha dollar on the strip like.

I'm pitchin' and you look out,
Nobody can eat when we bring that kitchen cook out
Upon in the rook out, 'cause when the war some die
other shook out,
Tryin to get a key for... pull the book out,
Sun up the sun out, hoodie with the gun out,
Hate and can't make a sail till we run out,
Besides that no better than the come out,
... one around half of the young boys dumb out,
Evacuate the scene with the nox nox,
If you got some good piff my...
Ain't about who you run with is where your heart flow,
Flow is like a straight shot after that the darks come,
Uh and I've been wondering if you a G or what?

Â'cause youÂ've been laying more than you ran up,
I anotha day anotha dollar on the strip
If it ainÂ't about money I holla.
On a block, in the mix getting chips,
ItÂ's just anotha day, anotha dollar on the strip,
Looking out for... so hating to snitch,
ItÂ's just anotha day, anotha dollar on the strip
You aintÂ' for the money or the lamb with a...
ItÂ's just anotha day, anotha dollar on the strip
And for my... I ride with a full clip
ItÂ's just anotha day, anotha dollar on the strip like.

On the block and the mix getting chips.
ItÂ's just anotha day, anotha dollar on the strip
Looking out for nut and hating to snitch,
ItÂ's just anotha day, anotha dollar on the strip
You ainÂ't for the money or the lamb with the G,
Yeah itÂ's just anotha day, anotha dollar on the strip,
And for my ** so ride a full clip,
ItÂ's just anotha day, anotha dollar on the strip like
