I don't know where to begin,
This song is dedicated to the best of them.
I'll try my best to write some words to show,
What you mean to us, we'll never let you go.
I know these may be some corny lyrics,
But I just wanted you all to feel this.
Sing "woah, oh, woah, oh, oh, oh!"
"woah, oh, woah, oh, oh, oh!"
At times when I've never felt so tired,
You keep me going, keep me going, keep me so
inspired.
Let's sing this one together,
Cause you know we won't live forever.
Cause you know we won't live forever!
You want a song of inspiration?
Only under one stipulation,
If you feel the words we're singing, then sing them
back to me.
Can you feel the elation?
Stemming from our separation.
If you feel the words we're singing, then sing them
back to me.
Well here we go again,
Let's get back to making music with our friends.
You guys mean more then you will ever know.
Whether being in the studio or at our shows.
Together we can teach them how to live,
Spread love and keep your outlook positive.
Sing "woah, oh, woah, oh, oh, oh!"
"woah, oh, woah, oh, oh, oh!"
At times when I've never felt so tired,
You keep me going, keep me going, keep me so
inspired.
Let's sing this one together,
Cause we might not live forever.
Cause you know we won't live forever!
You want a song of inspiration?
Only under one stipulation.
If you feel the words we're singing, then sing them
back to me.
Can you feel the elation?

Stemming from our separation.

If you feel the words we're singing, then sing them
back to me.

We come together in this strange place and we say
Remember when the empty skyline looked like falling
trees.
