I

One November night and she's nineteen I knew
I felt so obsessed it's true
I tried so hard not to let it show
But it moved me so, (Hohohoww)

II

The days just passed so fast, felt so insecure
I got to have this girl I know for sure
I took the chance with my heart on the line
And fate revealed exactly what is mine

Pre-Chorus1:

Now (Now), it's so totally different
Now (Now), I learned to be consistent
Now (Now), A lifetime commitment
Now Oh Now

Chorus:

It's nice to know (It's nice to know)
Kristine won't let me go (Won't let me, won't let me)
I made her fall so deeply (Ooohoooh, Doodoo)
And that alone (And that alone)
Is enough to complete me (Complete me, complete me)
And now Kristine's in love with me (Ooohoooh, Doodoo)

(Interlude)

III

I want to give her all the best of me
I won't ever cause her misery
There's no getting tired of being so
Goodbye to playful things I used to know

Pre-Chorus:

Now (Now), it's so totally different
Now (Now), I learned to be consistent
Now (Now), A lifetime commitment
Now Oh Now

(Repeat Chorus)

(Instrumental)

Now oh Now

Chorus:

It's nice to know (It's nice to know)

Kristine won't let me go (Won't let me, won't let me)

I made her fall so deeply (Ooohooh, Doodoo)

And that alone (And that alone)

Is enough to complete me (Complete me, complete me)

And now Kristine's in love with me (Ooohooh, Doodoo)

(It's nice to know) It's nice to know

(Kristine won't let me go) This I know ohhoohooooohoo

(I made her fall so deeply) Ooh hooh hooh

(And that alone) Kristine alone

(Is enough to complete me) Oh baby baby baby

(And now Kristine's in love with me)

Kristine is loving me
