I realize as I awake  
Life's to be taken to a new level  
Belief is not the way  
Dogma will dispirit your soul

The only road to mastery of life  
Is to determine its extremity  
When it shall expire

Lead: Shalin

Choosing victim is easy  
Enemies are first in line  
You are the sworn  
Targets for my crime  
Expectations are growing fast  
Stronger as I plan  
Life's to get new dimensions  
Mercy denied, I celebrate

Only road to mastery  
Determine life's extremity  
Someone's gonna die

Moment of death I release the blood  
Awaiting thrills but I'm still cold

Instead of the power I'd possess  
Reinjected emptiness

A belief in something  
That couldn't fulfill my needs  
I feel nausea  
With myself, not with my deeds

So I'm back where I begun  
But the only way out is another one

Lead: Schalin

Tired, confused, exhausted  
I stab the dagger to my chest

My strength is not enough  
Enough to penetrate  
Pitiful I am  
And despite the pain  
Laughter from my throat  
I just can't restrain

I vomit, I laugh, I suffocate  
Ironic no one can deny  
Beside my victim I laugh to death  
Oh what a funny way to die
