[ANATA]

I am amused, your mind is seduced  
Desire profane  
Open to me, let your mind fly free  
Put all your confidence in me  
Come to me  
Just let me in, you'll carry me deep within

Child of broken wings, I bring you down  
I show you the world in my eyes  
I become an obsession in your mind  
You cannot escape from me

I am your savior  
Come to me  
Let me become your fallen Messiah  
Behold what my powers hold  
Bow deep before me  
Let me receive your loyalty  
Learn to serve and deserve me  
You sold your soul and your flesh is mine  
So bow deep before me

I stand watching the tide as it washes away  
Last trace of innocence  
Of lost virginity  
Meet and join beyond realms of reality  
I swear I'll never let you go

I take your soul, surrender to me  
Wounded from the inside  
You shall bleed  
Open mouth, suffocating  
All you ever wanted is here  
I set you free  
I have nestled into your body and soul

I pleased you in every way  
My will burns in your flesh  
Return the favor, please me now  
Orgasmic paroxysm

As you die

Eternally breeding me  
Give birth to creations to live in me  
The seeds are sown  
The crop I reap  
Join with the harvested souls I keep
