baby you can make my day i wanna i wanna burni
wanna i wanna burn
baby you can make my day i wanna i wanna burni
wanna i wanna burn
their you were right before my eyes like a feeling
that no one could perscribe suddenly you can
into my life it was a dream man what you could
tell me about sennergen side cuming noth to
last and i'm gonna believe a boy who could never
stand i wanted you so much that in a second
i was gonna lose control

i wanna get it up gonna guide it up i want u to
surrender baby you can make my day
i wanna get it up gonna guide it up as long as
were together baby you can make my day

make my day make my day oh oh oh
