"No Other Love"

Visit "[No Other Love](#)" on MotoLyrics.com

I found a love in you
I found the love that I've been lookin' for
I feel it in my heart
Forever we will never be apart
After what we've been through
Still there's me and you to say I do
I love you
Now you're here with me
I promise I will love you faithfully
And Lord I hope and pray
To make this love grow stronger everyday
After what we've been through
Still there's me and you to say I do
I love you
There'll be no other love, no other love
No other love, there's no one else but you
There'll be no other love, no other love
No other love that keep on loving you
