Standing, away from my hopes and dreams
It's left me stranded, away from life so incomplete
You're laughing in the distance pointing in my direction
Losing in this game called life

Well, all i know is that i don't know
And all you've shown me is the door

You're a headtrip, it's making you think
You're queen of the world, no picnic
As the sky turns black and opens up you panic
It chews you up and spits you out for breakfast
Losing in this game called life

Well, all you know is that you don't know.
And all i've shown you is the door
