Too many mouths are choking me with the future
I've got to much inside, in my mind.
Too many hours spent alone in this awful apartment
With a heart open wide for anyone to hurt

Me and deceive.
I've always been naive in this life

You'll break my heart, I'll break yours to
We're best at what we do it's who we are
We need someone to close us up
Seal Pandora's Box it's what we are.

Been on this road before with you driving reckless.
As a bridge turns to grave believe me when I say

I feel nothing
As I look you in the eyes and watch die

You'll break my heart, I'll break yours to
We're best at what we do it's who we are
We need someone to close us up
Seal Pandora's Box it's what we are.

Too many night's I've seen you here
And now I know you're free.
But you'll be on your way to nothing
If you go home with me.
She said; No need to rush, let's take it slow
And see where we will be
Cause' I'll be on my way to nothing anyway guaranteed.

You'll break my heart, I'll break yours to
We're best at what we do it's who we are
We need someone to close us up
Seal Pandora's Box it's what we are.
Cause lies won't take us far
It's who we are
