Visit "[All I Have](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Foggy road my visions blurred  
Have I lost my sight of you?  
Distractions rise  
To grab attention

I long to see this vision through  
(I give it up to you)  
Please guide our steps  
So that we may follow

All I have  
It's all yours

Step by step we'll see this through  
The past behind us  
Step by step we'll see this through  
The past behind

Die to myself for something new  
As I put my trust in you  
I'm giving all  
Complete surrender

I long to see this vision through  
(I give it up to you)  
Please guide our steps  
So that we may follow

All I have  
It's all yours

Step by step, we'll see this through  
The past behind us  
Step by step, we'll see this through  
The past behind

All I have  
It's all yours

All I have  
It's all yours
