Well i'm sitting here thinking of you  
Trying to keep from turning blue  
Because it's hurting bad  
It doesn't matter if you know  
Just look at me it's bound to show  
I'm left with nothing to say  
All these tears and all these years  
Have left me standing here all by myself  
Well past mistakes and old heartaches,  
And dirty paths that i've retraced  
I'm starting on a new road  
There's no looking back, no looking back  
What's done is done and in the past,  
I've learned my lesson that nothing lasts  
I bid to you farewell  
I'm looking forward to better days  
Blue skies, grass, and warm sun rays  
I hope that you do as well
