Another night of missing love and mass confusion
Another way to say I love you
Put me on a shelf of discontent and blind illusion
Another heartache I'll be blue

And if she calls, you know that I don't care, yeah
No matter what her will, I'll always have to stay

Blindfolded and dizzy, so kick me when I'm down
How about a stabbing in the back?
Use me like all the others, I'm ready so attack
Another heartache I'll be back

And if she calls, you know that I won't care, yeah
No matter what her will, I'll always have to stay

And if she calls, you know that I don't care, yeah
No matter what her will, I'll always have to stay
Use me like all the others, I'm ready so attack
Another heartache I'll be back

Another heartache I'll be back
Another heartache I'll be back
