Onward it goes, it just can't stop
The hands of time are against us
The youth we have, our time is now
Don't wait too late or hesitate

Let's just go
Go for our hopes and dreams
(Hopes and dreams)
We won't stop
Until we hit the top

And let's just go
Go for our hopes and dreams
(Hopes and dreams)
We won't stop
Until we hit the top

Some people say, do what's smart
Well, what's that, it's what's in your heart
Just trust in Him, He'll guide your path
And give you dreams that will always last

Let's just go
Go for our hopes and dreams
(Hopes and dreams)
We won't stop
Until we hit the top

And let's just go
Go for our hopes and dreams
(Hopes and dreams)
We won't stop
Until we hit the top

Let's go
