Well, isn't life so beautiful?  
And everything so tangible?  
Then everything I love  
Just falls around me

Then I feel so miserable  
And everything's predictable  
Then all my senses  
Become numb before me

Sometimes fate's acceptable  
And others really unbearable  
I just want to know  
That you're here with me

I'm driving through my town today  
I wave at neighbors as they say  
"Good luck to that boy  
Who's never made it"

So now I feel alone inside  
That makes me want to run and hide  
Farewell and goodbye  
To my friends and family

Sometimes fate's acceptable  
And others really unbearable  
I just want to know  
That you're here with me

Sometimes fate's acceptable  
And others really unbearable  
I just want to know  
That you're here with me

On the highway  
What else can I say?  
Today's the beginning  
Of my best days

Sometimes fate's acceptable  
And others really unbearable

I just want to know  
That you're here with me

Sometimes fate's acceptable  
And others, really unbearable  
I just want to know  
That you're here with me
