Your heartbeat's against mine
Hold close now, don't let go
Your love does things to me
I don't think you'll ever know

This song does
No justice of how I truly feel
Your hand in mine, mine in yours
Don't fear, I'm always here

This year, I shared my life
With the one girl of my dreams
My God thank you, this blessing
Has deeply changed my life

This song does
No justice of how I truly feel
Your hand in mine, mine in yours
Don't fear, I'm always here

I'm always here
