Standing away from my hopes and dreams
It's left me stranded, away from life so incomplete
You're laughing in the distance pointing in my direction
Losing in this game called life

Well, all I know is that I don't know
And all you've shown me is the door

You're a head trip, it's making you think you're queen
of the world
No picnic as the sky turns black and opens up you panic
It chews you up and spits you out for breakfast
Losing in this game called life

Well, all you know is that you don't know
And all I've shown you is the door

And all you know is that you don't know
And all I've shown you is the door
