Hey, hey

You said that yesterday you had thrown it all away  
Walking out the door but you never really went away,  
yeah  
Falling in and out of place in this sore society  
Your dreams were all destroyed and you have me to  
thank

A time to learn  
A time to understand  
Standing underneath the stars  
I slowly tried to grab your hand

A time to learn  
A time to understand  
Standing underneath the stars  
I slowly tried to grab your hand

Hey, hey

Yesterday has come and gone, and now you're only  
stronger  
All the crooked roads and paths you follow no longer  
Falling in and out of place with this sore society  
Your dreams were all destroyed and you have me to  
thank

A time to learn  
A time to understand  
Standing underneath the stars  
I slowly tried to grab your hand

A time to learn  
A time to understand  
Standing underneath the stars  
I slowly tried to grab your hand

Hey, hey

A time to learn  
A time to understand

Standing underneath the stars  
I slowly tried to grab your hand

Hey, hey
