I have written this  
To calm your trembling hands  
Know that our bond of affection  
Prevails my early end

Outrage they did blame me for  
And I guess they are right  
So tragic might be one's destiny  
When fate and guilt decide

All of these colours  
Are fading into gray  
Nameless faces,  
They watch me pass away

So long, I'll wait for you  
And it tears my soul in two  
Like all my broken  
Dreams I'm dying  
This pain I'm going through  
Will bring me back to you  
When time has come  
We are united

To the fairest  
I bowed my head  
By a sinner  
It is raised instead

I knew Thee well  
More than I thought  
No fears were harming  
The bliss of our time  
I will pay now for my crime

I hear the hangman call  
(Don't be afraid, we will meet again)  
In the course of my duty I open the door

So long, I'll wait for you  
And it tears my soul in two

Like all my broken  
Dreams I'm dying  
This pain I'm going through  
Will bring me back to you  
When time has come  
We are united

Don't lose your heart  
Just know I'll be waiting  
For you in the dark

So long, I'll wait for you  
And it tears my soul in two  
Like all my broken  
Dreams I'm dying  
This pain I'm going through  
Will bring me back to you  
When time has come  
We are united

I fade away
