"Risk It All"

This world has taken all I'm worth
Ever since my day of birth
I can't replace the moon and stars
Can't you leave them where they are

Chorus

Why can't you leave my world alone
Is it so hard your on your own
Is it so hard for
You to survive
Why am I risking everything
What stops the sky from falling in
Why must I always
Keep you alive

Bridge

I don't know why I'm here
Won't you let me be
I don't know why I'm here
Won't you leave me

Verse 2

Take for granted all I do for you
And then forget my yestarday
Does my conscience really bother you
Then try to kiss it all away

Bridge

Won't your try to be
Something more than me
Won't you realise
That its all inside
Won't you, won't you, won't you
Try
Try to be
Something, something, something
More, more
More than me

Interlude

I don't know why I'm here

Won't you make me free
I don't know why I'm here
Won't you leave me

Chorus

Why can't you leave my world alone
Is it so hard your on your own
Is it so hard for
You to survive
Why am I risking everything
What stops the sky from falling in
Why must I always
Keep you alive
(repeat)
