Shot down, get your head back, your not at home, your  
not at home  
Slow down, why'd you say that, your not at home, your  
not at home  
This time I'm leaving for a cigarette  
This time I know your gonna call me out  
Some times I know your living in regret  
This time I know your gonna call me out

New in town  
And we go holding overture  
Slowly lead the tour  
Surely now  
We go sailing down this road  
Saying our hellos

Oh no, do you see that smile, your not alone, your not  
alone  
Don't go, not for a while, your not alone, your not alone  
This time I'm leaving for a cigarette  
This time I know your gonna call me out  
Sometimes I know your living in regret  
This time I know your gonna call me out

New in town  
And we go holding overture  
Slowly lead the tour  
Surely now  
We go sailing down this road  
Saying our hellos
