Don't look back into the sun, it's too strong, it's too strong

The day wont break until your gone, your gone, your gone

And she wont listen to yourself or anyone around, not today, not today

And she wont listen to yourself or anyone around,

And we know, you know and everybody here knows, it is not ok

We know, you know and everybody here knows, it is not ok

And she wont listen to yourself or anyone around, not today, not today

And she wont listen to yourself or anyone around,

And we know, you know and everybody here knows, it is not ok

We know, you know and everybody here knows, it is not ok
