"No Compromise"

Note: If you find another song with the same title, I knew I have been mistaken, the lyric was not for "No Compromise", it was for "They Cant Stop ISLAM" from the album of "Salahudin: The return of Palestine Soundtrack (coming soon)". I am very terrible sorry for this inconvenience.

We won't compromise this Deen

No matter how hard it seems

We won't compromise this Deen

Allah is with Muslimeen

They want to change

my name from Ali to Al

From Mohammed to Moe

Practice half of Islam

LAA'..!! I don't think so

do you remember the story of Bilal

How they were crushing him

between rocks

Because he wouldn't compromise

La - Ilaha - Ilallah

Mohammedun Rasul-lu-llah

ALLAHU-AKBAR!!!

From slavery to bravery
No negotiations of this Deen
Ya' Muslimeen Look to Islam
and you will see Islam is complete
No compromise at no cost
Practice Islam
and not just at the mosque
Doesn't make a difference
if it's him or her or me
We should be representing Islam
so stay strong
and Keep your Muslim identity
We won't compromise this Deen
No matter how hard it seems
We won't compromise this Deen
Allah is with Muslimeen
No compromise in this Deen
Victory is promised
For the Muslimeen
Carriers of the Deen
Back on the scene
Ready to unveil this kafir's scheme
Now we wonder why
Our youth decide to leave
Watching them compromise
Acting half way Islamicly incomplete

When they meet and they greet
The greatest Ummah ever to rise
Is now seen on his knees
An Ummah
who use to lead this world
Is now begging the kafir please
Have mercy
Can't you see?
They want us to Act like them
think like them and be like them
But we act based on Islam
Like Allah declared in the Quran
Because we know
Who is in command
Islam will have the upper hand
We won't compromise this Deen
No matter how hard it seems
We won't compromise this Deen
Allah is with Muslimeen
Under no circumstances
No matter what they think
Sisters be Proud
A Muslimah
ALLAHU-AKBAR!!!
That's what you are

With that Hijab on
Despite the peer pressure
in our lives
Covering up a way
from the evil eyes
In school at work we advise
Don't compromise
Islam guides
Darkness to light
Weakness to might
Stand tall
Answering Allah's call
Brothers do the same
Don't play the kafir's game
We Muslims
Yeh..We stand up for each other
Brother to a brother
Islam has no contender &
WE WILL NEVER SURRENDE

You know what I agree with these brothers, how could they want us to bargain, how could two different system coexist within each other I mean communism as a system can not be part or cooperate with the democratic system or vise versa and these are man-made systems so how could a system from the creator of man coexist and be part of the man-made systems. NO man!!! We don't except this, we will not compromise our Deen. I am speaking for all Muslims who know their Deen

NO COMPROMISE!

Ya Muslimeen

DON'T COMPROMISE

Ya Mu'meneen

NO COMPROMISE

Time is slipping

CAN'T COMPROMISE

WON'T COMPROMISE

Take a STAND!

DON'T COMPROMISE

Remember these words
