Storming rain
It's down on me out of mean
I will not crash to the ground
They say I can't but I'm strong
I looked to heaven and...

Fly to the Sun
It's burning down on me
Ride to Sun
My wings are burning away

I was lost
Then you found me there ran aware
And give me courage to live
Now I'm bliding fast
There you didn't go
I looked to heaven and...

Fly to the Sun
It's burning down on me
Ride to Sun
My wings are burning away

Fire! burning down on me!
Fire! so now will be free!
Fire! my lives it bring away!
Fire! it's burning down on me!

Fly to the Sun
It's burning down on me
Ride to Sun
My wings are burning

Fly to the Sun
It's burning down on me
Ride to Sun
My wings are burning away
