Everything's so deep Everything's so deep Everything's
so deep Everything's so deep [Bronze Nazareth] I
caught her slanted eyes, mesmerize by mine Contact
was chemical with a physical bond Extended my arm to
kiss this waitress on her palm She blushed, my ice
crushed, my colada deluxe Missing link in your life,
"Tanah Da wassup?" Saw her gracefully wearing her
thong leading me on Her name is Avalon, shining lock,
a price, I'm a don Look at the hourglass, shoes that tie
around calves A black cat-suit, ankle bracelets She got
class, walked away, a beautiful sway in disposition
White teeth, perfect smile, Buddhism religion Took her
out, showed her love, she showed me love back Need
something? Take that, she helped me when I broke flat
I got your back Asian Queen; you're the pearl of my
dreams Physically and mentally we balance on Triple

Everything's so deep [Kevlaar 7] Ayo, Friday night
finally arrived Went through one whole week with
Puerto Rico on my mind Pure flawless skin, deep
intelligence with thin complexion Golden, mellowing,
blessed Puerto Rican Beautiful hands and lovely feet
The type of women when she fall in love you know its
gon' be deep She's in love with utterly genuine I try to
think what type of men would try to do her mentals in?
The center perfume within, what kind? I don't know
dawg But it does get me high, that's my fetish Perfume
- unforgettable, when I'm alone I can smell the residue
For one day I've waited, I start to call her To spark a
conversation, looking for the number Extremely
impatient, yeah, I've founded And for twenty minutes I
tried disconnected Man I can't believe this, nah, what's
the number man? I need it, no voice, no intellect and
nobody Matter of fact last Friday scene was so cloudy
But it did allow me to see there's such thing as destiny
Damn dawg, did I really meet my Queen to be?
(Chorus) Virus Everything's so deep Everything's so
deep Everything's so deep Everything's so deep
(*various conversation over the chorus*) (Outro)
