I thought that I could make it on my own  
I was going through the motions  
Like a ship set sail I was all alone  
On a dark and angry ocean  
But the aching inside my soul was more  
More than my heart could bear  
I knew I needed Someone  
Someone who cared

All that You are  
Is all that I need  
Everything that I am  
Is because You love me  
And it took so long, but now I realize  
What was missing in my heart  
Was all that You are

I take two steps forward then three steps back  
Sometimes that's just how it goes  
But in trying times I won't lose track  
I remember You always know  
Exactly what I'm going through  
Exactly who I am  
'Cause You know what it's like, oh, Lord  
You understand

In the midst of all my questioning  
You found a way  
To lead me to the shelter of Your grace
