Your love is an ocean  
Too vast to comprehend  
Your love is a mystery  
One I'll never understand  
You see what I can't see  
As You watch me from above

Everything I'll ever need  
Everything I long to be  
The very air I breathe  
Is found in Your love  
Deeper than the deepest sea  
Your living water runs in me  
My very heartbeat  
Is found in Your love

Your love is the rising sun  
That burns from dusk to dawn  
Your love is the silver moon  
In darkness Your light is drawn  
You hold eternity  
And at the same time You hold me

I am consumed to think that You  
In all Your Majesty  
Would be consumed with me
